

MAP OF THE NETWORK

AEGEE is present in almost 161 cities spread in 40 countries. The westernmost AEGEE locals AEGEE-Tenerife and AEGEE-Las Palmas are not situated on the mainland, but on islands in the Atlantic Ocean. The southernmost local — the Cypriot antenna of AEGEE-Mağusa — is also located on an island. The easternmost city, where AEGEE is present, lays in the western part of Siberia and it is represented by the AEGEE-Tyumen. The northernmost point of the association is touched by the Finnish local AEGEE-Helsinki.

YOUR KEYS TO EUROPE

This list shows 161 cities in around 40 European countries where AEGEE is located. The antennae, contact antennae and contacts can be located on the map on the previous page with the grid coordinates listed behind them. Contact antennae are one step away from becoming a full antenna of AEGEE. Contacts are recent additions to the network which have not yet reached the status of contact antennae.
